<i>Golf Registration</i> .....	15

As of today there are 92 days until the first day of our 28<sup>th</sup> Symposium. You will find in this issue of the NCBA newsletter the educational tracks and your registration forms for the Symposium. If registration goes as vendor registrations did, you may want to register as early as possible. The NCBA vendor Exposition is already sold out and we have a waiting list of vendors.

Kevin Potts has some great classes lined up but, several have limited enrollment so don't delay registering for the classes you desire. Kevin has done a wonderful job with the Vice President's duties and put together a great line up. Helen Jones is finalizing all the details with the Pinehurst Resort as their staff waits our arrival. Tony Bisese is handling all the vendors concerns to make sure this a great show for them and Glenn Scales will once again make sure your reservations and membership concerns go as smoothly as possible. This board is not finished working for our members (you) yet. Mike McCoy and David Wilson are putting together another fabulous NCBA Golf Classic at the beautiful Pinehurst course Number One. Check back on the website soon to see the nice little extras the golf committee and SonoDepot have in store for this year's event. It should be fun – I know I can't wait. The Golf Classic will be on Sunday, December 10, with an 11:00am shotgun start. Wait, we are not finished yet, Parker Foster is diligent in his duties to bring live credit card registration and payment during this year's symposium registration. This should help many members and vendors as this is a service requested for many years.

As you can see it takes many people working together to ensure your state professional organization provides you with the type of meeting you have become accustomed to from the NCBA. Each one of the persons mentioned earlier had other Board members help in many ways. Personally, I thank each of you (you know who you are) for your support.

The NCBA Board of Directors has worked very hard all year to make sure our 28<sup>th</sup> symposium is the best. To make this a reality we will need a little work from you, our membership. Please don't forget to nominate someone for Professional of the Year and Manager of the Year. There are many

Glenn Scales (Chair), Sally Goebel,  
John Noblitt, David Wilson

### Public Relations:

John Noblitt (Chair), Sally Goebel,  
David Wilson

### Vendor Coordination:

Tony Bisese (Chair), Tom Barnes,  
Mark Renfroe, Lane Rushing

NCBA News is an information service of the North Carolina Biomedical Association (NCBA). It has a distribution of about 500 and is published six (6) times per year. Articles and ads are due on or before the first day of odd numbered months. The newsletter is mailed on or about the 15<sup>th</sup> day of the odd numbered months.

While the NCBA makes every effort to assure that its content is accurate, articles are the products of individual authors and the NCBA is not responsible for the content.

NCBA News intends to disseminate information and ideas to its subscribers. While the NCBA News accurately reflects the source of the articles, the content is of variable quality and validity. The Newsletter Committee will attempt to verify all articles, but neither the Editor nor the NCBA is responsible for information.

**YOUR HELP IS NEEDED!!!** Articles of interest to our readers are constantly needed and frequently in short supply. If you have written any articles that may be of interest to our readers, submit it to Newsletter Editor, Glenn Scales, at editor2@ncbiomedassoc.com.

# NCBA Board Minutes Friday, September 8, 2006

## Carolinas Medical Center – Charlotte, NC

The meeting was called to order at 10:40am. Kevin Potts is acting chair until John Noblitt arrives at 11:00.

Those in attendance are: Kevin Potts, Glenn Scales, David Wilson, Gordon Radke, Sally Goebel and John Noblitt.

There was not a quorum, therefore, there can only be discussion on issues presented, with no voting allowed per our By-Laws.

**Treasurer's Report:** Submitted to Kevin P. by Parker F.

There was a question raised about the \$244.35 phone bill. This will be reviewed at next Board meeting.

Question was raised about the \$1913.51 incident inv. class under inflows. It seemed to be in the wrong category and can easily be fixed by Parker F.

The audit has been rescheduled because of conflict in schedules.

We have a Paypal account online and Glenn is trying to set up the Paypal integrated with the NCBA site. Sally G. will be providing assistance.

The questions raised during the Board meeting will be taken to Parker Foster (Treasurer)

**Membership:** No activities since the last report.

**Education:** Kevin handed out a preliminary program for the Symposium.

The education committee decided to set up the classes to be able to see the demand for the class before we officially assign rooms for them. Some classes are limited in size by the manufacturer.

**Scholarship:** We are still waiting to see if the NCBA can find a funding source for the scholarship for continuing education at a level higher than an A.A.S. degree.

**Rules/Bylaws:** No report.

**Newsletter:** There was discussion on the vendors wanting to pay for the upcoming year's ad space and how these payments will be handled. The Symposium ad will be in the upcoming issues AAMI BI&T journal and 24x7 magazine.

**Nominating Committee:** The list of Board members who are eligible for re-election and those rotating off the Board:

John N. rotates off and not eligible

Glenn S. rotates off and not eligible

Parker F., Helen J., Susan C., Sally G.: rotating off but eligible to run for a second term.

Gordon R. will be putting together a specific guideline/template for nomination information.

**Internet:** Glenn showed the board a presentation of what the website will look like with the class information included. The vendor information now reads that all of the booths are taken. Registrations taken now will be put on a waiting list.

**Vendor Relations:**

All booths have been sold, 71 vendors signed up for 90 booths this year.

Discussion about the possibility for a vendor to "check" the donation box and not provide the donation/sponsorship. A question was raised about how legally binding is the "check" mark on the vendor contract? The Vendor Committee decided to incorporate a type of checkout cart that will show how much the individual owes at checkout with the new online payment system.

The Board discussed the need for more positive recognition for silver level / gold level sponsorships.

Looking into special invitations for the GE sponsored meal and door prizes for the meal.

Continued on page 5

*NCBA News* is accepting advertising that relates to biomedical equipment and of interest to our readers. Suggested subjects are: Positions Desired, Positions Available, Biomedical Equipment Wanted or For Sale (New or Used), or Announcements of Educational Opportunities or Service Schools in the area.

Advertising is open to all individuals, hospitals, and companies. The decision to carry a particular ad or classified will be the decision of the Editor with support of the NCBA Board. Either jpeg or tiff files of the actual size ads is required. **Corporate Members please remember what free advertisement your membership allows.** Please contact the Newsletter Editor for other pricing.

**Prepayment of all advertising is required.**

### **Classified Advertising**

Except "Position Wanted" notices by members (one ad per year – limit 50 words – no charge) the following ad rates apply:

Full Page	\$200. <sup>00</sup>
Half Page	\$100. <sup>00</sup>
Quarter Page	\$50. <sup>00</sup>

If the ad is a single page to be included as an insert, the advertiser will any pay all additional printing and handling costs. Placement of non-member ads is on a "space available basis. Advertising that is to be printed in color will include all additional costs to prepare and insert the color page.

# Dollars and Sense: Treasurer's Report

## Board meeting minutes continued from page 3

We will be discussing more on vendor issues at the planning retreat.

**Golf:** There will be a hole-in-one and a putting contest for the Golf Classic sponsored by Sonodepot.

**New Business:** John N. has been contacted by the Embassy Suites in Concord, NC about hosting the NCBA Symposium. This is a new hotel set to open in December 2006. John and Glenn will visit the hotel following the Board meeting. Although it is still under construction, they felt it would give us an idea of whether it had adequate facilities.

To expand vendor space at Pinehurst the Board discussed the idea to reserve the Cardinal Ballroom for next years Symposium. The use of the Cardinal Ballroom will be discussed further at next years planning retreat.

**Next Meeting:** November 10, 2006 10:00am at the Pinehurst Resort & Hotel, Pinehurst, NC.

Meeting was dismissed at 2:30pm.

## Notice to Students

Students at the two North Carolina community colleges who attend the NCBA Symposium in December are members of the NCBA for the following year and receive this newsletter as a benefit. When you graduate and get that first job, we really want to hear from you so we can update our records. It also allows you to keep getting the newsletter after you move and to receive Symposium announcements and updates. Please be sure to send the Membership Secretary your new mailing address and the name of your new organization. Please update your phone numbers and e-mail address as well. E-mail any changes to [memb@ncbiomedassoc.com](mailto:memb@ncbiomedassoc.com).

### SONODEPOT Takes Ultrasound Service to New Heights

From full system maintenance to system sales — one call to SONODEPOT can cover all your ultrasound needs.

To experience responsiveness that can be measured in minutes and personal service that's redefining the industry, backed by our 20 year history, call SONODEPOT today.

*We'll take care of your ultrasound systems  
so you can take care of your patients.*

**NATIONWIDE: System Sales • Repairs • Parts • Accessories**  
**Servicing all major brands of ultrasound systems.**  
cardiology • radiology • ob/gyn • vascular

### **President's Forum continued from page 1**

deserving candidates in our organization, we should let them know their efforts are not unnoticed. If you feel you are ready for the next level, stand up for the NCBA and yourself and run for the NCBA Board of Directors. I won't lie, it's extra work, but it is very satisfying in the amount of accomplished work and getting to meet the other board members. Every Board I've ever worked with, and this one is no exception, is an extremely talented group and if you listen to someone like Kevin Scoggin, you might just learn

something. The process to become a Board member is simple. Contact Gordon Radke and express a desire. He will give you "one" page of information you will have to send back. It's that easy to run for the Board.

With what the Board of Directors has set up, and what you will do to help this Symposium, I'm looking forward to another great NCBA Symposium.

Looking forward to seeing each of you in Pinehurst,  
John Noblitt

## Class Restrictions at the 2006 Symposium

By the time you have this newsletter in your hands, the registration for the 2006 NCBA Symposium and Expo will have started rolling in. As of the printing of this newsletter, we have almost 50 registrations already. If you look at the schedule, you will see one of the most extensive arrays of educational programs targeted directly at BMETs.

Unfortunately, all this comes with a price and this year we have had to impose class size restrictions in order to put on the quality programs you have come to expect. Due to the intense resource requirements, a total of 7 classes have restrictions ranging from 10 to 30 participants.

Because of this, the registration for these classes will be handled a bit differently than in the past. If you register on line, you will receive an automated response summarizing your registration. Normally this is the only confirmation you will receive. If you are registering for non-restricted classes, nothing else will happen and your information will be entered in the registration database.

If you register for any of the restricted classes, your data will still be entered, but your placement in the restricted class will not be confirmed until we receive your payment. At that time you will get an e-mail confirmation showing that you are registered and listing all your class choices, including the restricted classes.

The classes with size restrictions include:

- Conmed ESUs – 30 max
- Philips Intellivue, Parts I & II – 10 max
- Wireless Networking, Parts I & II – 20 max
- Philips FM20 Fetal Monitors – 10 max
- Philips FM30 Fetal Monitors – 10 max

*This morning  
he red-tagged  
your equipment.*

*Now comes  
the fun part.*

You need on-site labeling and you need it fast. MET Laboratories has the solution.

Our field labeling program combines the best of both worlds—response time and technical competence. What it will mean for you is minimal downtime. Call backs in one hour. Quotes in 24 hours or less. And next day service in most locations.

So, next time you see red, give MET a call at 800-321-4655.
