GREETINGS

by Brian Lefler, NCBA President

Happy New Year! It's hard to believe that 2020 is upon us already! I'd like to thank you for allowing me to serve as your President for the coming year. As in previous years, the President is surrounded by a very talented group of professionals serving on the board, who along with your help, will make this another great year for our association.

2019 NCBA HIGHLIGHTS

[GREETINGS continued from page 1]

I'd like to thank David Wilson and last year's team for their leadership in arranging a very successful 41st annual Symposium. Feedback from attendees and vendors were very positive. I'd like to thank our vendors for their support of the NCBA and all the various employers of those in the HTM community for allowing their people to attend. We are going to try to build on that success with an even better event with the 42nd Annual NCBA Symposium held again in Pinehurst. This year's dates are August 19-21, 2020, with the Mike McCoy Golf Tournament being held on August 18. More information will be available in the coming weeks.

Please allow me to introduce the 2019-2020 NC Biomedical Association Board of Directors:

Jeff Hogan - Vice President
Terry Morris - Treasurer
Jeremy Collins - Membership Secretary
Mary Coker - Recording Secretary
David Wilson - Ex-Officio
Bill Fry - Vendor Coordinator
Greg Lucas - Newsletter Editor
Greg Johnson - Hotel Coordinator
Aaron Watts - Golf Coordinator
Chris Carpenter – Board Member
Codi Nelson – Board Member
Matt Woods - Board Member
Clint McCoy – Board Member

While symposium planning and other activities for 2020 are well underway, we can always use help! Your ideas and suggestions are needed for the continued success of your association. Feel free to join in on any of the board meetings. The schedules for the meetings are listed on the website. We have several who are not on the board, who continue to contribute in very big ways. Thanks guys, you know who you are! Our goals and efforts will continue to be centered around a strong symposium event with outstanding educational and networking opportunities. If you have any interest in learning more about the association, how it runs, or have suggestions for improvement, feel free to reach out to me or any board member. We'd love your input!

Brian C. Lefler, CHTM, CBET
President, NC Biomedical Association

NEWS AND OPPORTUNITIES

- AAMI will be hosting a test site for all exams; CHTM, CBET, and CRES certifications on Friday August 21st at our 2020 NCBA Symposium. Registration details coming soon. Please contact VP@ncbiomedassoc.com for specific questions.

Based on attendee response, our 2019 NCBA Symposium was a huge success. We are very grateful for all of the vendors who were in attendance and most of all our fellow members. We hope everyone enjoyed coming out whether it was to reconnect with old co-workers or to take advantage of the quality education opportunities that were provided. Please enjoy a few photos capturing some of the activities.
